

Stainless Steel T-Bolt Clamp 51-55mm for 1 1/2" Hose

Part Number: P-VAC-264

Description:

Price: \$8.36

Detailed Description

These clamps are used in the All-In-One Pump Station and the RO System. Heavy duty T-bolt clamps provide uniform sealing pressure for a positive, reliable seal. Specifically designed for use in high vibration and large diameter applications. Stainless Steel band with zinc coated T-bolt. For permanent or semi-permanent applications and/or safety on pressurized systems. Used for hose ducting and tubing connections. These are not designed for underground applications.
