

# Honeywell Thermostat Guard

**Part Number:** CCS-CG511A1000/U

**Description:** CG511A1000/U Honeywell Medium Thermostat Guard

**Price:** \$20.66

## Detailed Description

This guard is used to cover the thermostat at the wash site. The guard keeps the thermostat enclosed and protected against tampering, damage, and unauthorized adjustment. It is a medium sized cover that is clear to see through and made of plastic. It has a double wall and is tamper resistant. There are vents in the base of the guard to allow for airflow for optimum thermostat performance. They can be mounted vertically or horizontally and come with the cover, base, lock and key, and mounting hardware.
