

3/8" ID Hydraulic Hose for 26" Rocker Brushes - 17-3/4" Long

Part Number: P-HYD-2184

Description:

Price: \$55.2

Detailed Description

Hydraulic hose used on the 26" Rocker brush side rocker mounts. This hose has a 1/2" Female JIC swivel connection on one end that connects to the elbow on the outside of the hydraulic motor. The hose also has a 1/2" Male JIC swivel connection on the other end that connects to the hydraulic stainless tubing. The hose has a 3/8" ID, is 17-3/4" long, and is made of thermoplastic material. **It is important to note that the length of the hose is measured without including the fittings.**
