

Major Brands AW46 Hydraulic Oil - 5 Gallons

Part Number: P-INS-2011

Description:

Price: \$84.0

Detailed Description

This AW46 hydraulic oil is used in the hydraulic tanks for the functions powered by hydraulics. This oil comes pre-dyed red for easy identification of oil leaks. It is used for both summer and winter applications. This general purpose hydraulic oil is formulated with refined paraffinic base oils that provide exceptional anti-wear protection, oxidation and corrosion inhibition, and foam and aeration suppression. With special anti-wear additives, this hydraulic oil creates a protective film on the metal surfaces, minimizing metal-to-metal contact and maximizing performance.

Specifications

- Oil Type: Hydraulic AW46
- Capacity: 5 Gallon
