

# 90 Degree Swivel PVC Elbow

**Part Number:** P-AIR-2109

**Description:** 1/4" Male NPT x 1/4" Tube 90 Degree Swivel PVC Elbow Air Fitting

**Price:** \$3.04

## Detailed Description

This 1/4" 90 Degree air fitting elbow accepts nylon and polyurethane tubes. The stud on the fitting allows for rotation of the body for ease of installation in confined spaces. It also includes a release collar that allows easy removal of tubing without damaging the tube.

## Specifications

- Fitting shape: 90 Degree Elbow
- Port Size: 1/4" NPT
- Tube Size: 1/4"
- Hex size: 14.29 MM
- Operating temperature range: 23F-140F
- Overall diameter: 13.2 mm
- Overall length: 28 mm
- Operating pressure range: -100 kPa to +1 MPa
- Standards met: ANSI, ASME
- Fitting connection family: Push-In to NPT
- Burst pressure: 3 Mpa
- Material: Plastic
- Connection Style: Threaded
- Operating Fluid: Air, Water
