

1/4" Stainless Close Nipple

Part Number: P-WAT-2094

Description:

Price: \$1.99

Detailed Description

This nipple has many uses in the wash including the High Pressure Rinse arch, Spot Free Rinse arch, Detergent and Maintenance POD's, and Triple Threat Manifold. 1/4" nipple meant for use with class 150 stainless steel threaded pipe. The nipple is made of 304 stainless steel which offers very good corrosion resistance.
