

# 1/2" 90 Degree Stainless Street Elbow

**Part Number:** P-WAT-2105

**Description:**

**Price:** \$4.99

## Detailed Description

This elbow is used in multiple applications including Screw Air Compressors, High Pressure Arches, and the Detergent POD. This 1/2" street elbow connects pipes using a 1/2" male threaded end on one side and a 1/2" female threaded end on the other side. This is a 90 degree elbow made of grade 304 stainless steel for longer durability.
