

Maintenance POD Stainless Steel Tool Cabinet

Part Number: P-SE-POD-107

Description: 9 Drawer Stainless Steel Rolling Tool Cabinet

Price: \$1,558.75

Detailed Description

This rolling cabinet is used in the Maintenance POD in the wash bay of the wash tunnel. The cabinet sits under the Maintenance POD for easy access to different tools and accessories employees may need in the wash tunnel. It has nine drawers that are different sizes for the ultimate storage capabilities. The drawers have a range of sizes from 37-3/8" X 21" X 5-1/4" as the largest to 11-3/4" X 21" X 2-1/8" as the smallest. The cabinet is made of stainless steel to protect against the harsh and wet environment inside the wash tunnel. There are also both locking and non-locking caster wheels and a tubular handle that provide protection from marks on the floor while also allowing for the cabinet to be moved and mounted into place easily. Most drawers have a 100 lb. load rating while the top and two bottom drawers have a 200 lb. load rating.
