

# 10E80 1/4" Male PVDF Spray Nozzle

**Part Number:** P-CHE-2108

**Description:**

**Price:** \$3.04

## Detailed Description

This nozzle is used in multiple applications including in the Front/Rear Bumper Blaster and Presoak and Spot Free Rinse arches. This PVC nozzle features a 1/4" Male NPT connection and is made from durable PVDF material to resist abrasion and chemical erosion. With a 10-capacity size, it is rated to spray at a 80-degree angle and operates effectively at 40 PSI.
