

# Hugger Brush Assembly

**Part Number:** P-M-HB

**Description:** Tommy Car Wash Systems Hugger / Z-Wrap Brush - Hardware Not Included

**Price:** \$1,680.0

## Detailed Description

Enhance your car wash service with the Tommy Car Wash Systems' Hugger Brush Assembly, compatible with both Z-Wrap and Reverse Huggers. This assembly delivers safe, gentle cleaning for a wide variety of vehicles, featuring nearly twice the cloth of the original hugger brush design and a tapered cut for superior backend coverage. Perfect for high-volume scenarios, these brushes are available in both soft cloth and closed-cell foam options. Note that hardware is not included but can be ordered separately under part number P-INS-298.

### Soft Cloth

- **Efficiency:** Ideal for wrap-style systems, this heavy-duty fabric combines straight and wavy sections to maximize cleaning efficiency.
- **Gentle Cleaning:** Soft cloth hugs vehicles as it cleans, eliminating missed spots and ensuring a thorough wash.
- **Durability:** The durable construction provides longevity and dependability, making it a trusted choice in the industry.

### Closed Cell Foam

- **Superior Care:** Made from Italian Carlite foam, this material is known for its gentle touch, caressing vehicle paint without transferring dirt or debris.
- **Brightness Maintenance:** The unique closed-cell structure maintains vehicle brightness even after frequent washes.
- **Industry Standard:** Rapidly becoming the standard in the car wash industry, Carlite foam offers close cleaning power and exceptional gentleness.
