

Tire Shine Applicator

Part Number: E-F1007-LM

Description: High Performance Tire Shine Applicator for Express Car Wash Tunnels with Leg-Mounting System and Bristle Brushes

Price: \$16,490.0

Detailed Description

Enhance your car wash with the Tommy Car Wash Systems' Tire Shine Applicator. Our proven tire shine uses efficient bristle-style tips to buff tires and apply just the right amount of tire gloss. This boosts your car wash value and return on investment. Customers love the deep black 'wet look', and car washes see a significant increase in upsells and memberships.

This package easily mounts to the blower arches at the tunnel exit, with brushes that spin continuously while the equipment is running.

Choose your Conveyor Style (dual belt or chain and roller) and Brush Drive Type (Electric Drive or Hydraulic Drive).

Specifications

- 60-80 RPM
- Leg Mount for Attachment to Tommy Arch Base
- Bristle-Style

Package Includes:

- Tire Shiner
- Bristle Brush Applicators - Extended Length
- Retraction System (Less Air Control Panel)
- Long Arms and Push Bar (Dual Belt)

Installation

- **Maintenance:** Grease bearings (total of 20) weekly
- **Brush Pressure on Tire:** Adjust spring pins closer or further apart (w/ retract system adjust regular pressure)
- **Height Adjustment:** To adjust the height, loosen the bolts on bearings at base mount and adjust left or right for up and down movement of brush. When desired height is found, tighten all bolts.
- **Driver Side Brush:** When brush is fully collapsed the hydraulic motor should be even with the outside conveyor guide rail to contain the car in the conveyor.
- **Passenger Side brush:** When brush is fully collapsed the hydraulic motor should be no less than 72" from the inside conveyor guide rail to allow for vans.
