

Mini Mitter Curtain Module, Hydraulic Drive

Part Number: E-M2006-NC

Description: Hydraulic Drive Mini Mitter Curtain Module w/ 4 Rows Mitter Cloth - Cloth Sold Separately

Price: \$12,200.0

Detailed Description

The Mini Mitter Module includes 4 rows of mitter cloth, compared to a full mitter with 6 full rows of cloth. The Mini Mitter Module is commonly used in shorter tunnels with limited space that cannot accommodate a full Tommy equipment package.

The module features unique high-speed basket motion to clean and polish the top portion of customer vehicles and is constructed of high grade stainless steel. There are no bearings to grease on this unit. Regular maintenance is virtually eliminated.

Cloth Sold Separately.
