

Rittal Cabinet Plastic Print Pocket

Part Number: CCS-2513000

Description:

Price: \$48.69

Detailed Description

This plan pocket is used in the Systems Integration Center (SIC) at the Flight Deck area and Motor Control Centers in the backroom of the wash site. The plan pocket is used on inside of doors to fit DIN A3 landscape paper and is the ideal choice for industrial applications. The pocket is made of polystyrene material and has self-adhesive fastening strips on it. It is light gray in color and measures 17" wide, 11" tall, and 2" deep.
