

3/8" Female NPT Brass Check Valve

Part Number: P-CHE-2142

Description:

Price: \$19.99

Detailed Description

This check valve is used for air flow in the wash tunnel. This valve gives way to free air flow in the forward direction, preventing air flow in the opposite direction. The arrow on the side of the body indicates this flow direction. This valve is made of nickel-plated brass to ensure more resistance to corrosion. There is a 5 psi crack pressure.

Specifications

- Connection Size: 3/8"-18 Female NPT
- Length: 2-1/4"
- Hex: 3/4"
- Body and Valve Material: Nickel-Plated Brass
- Spring Material: Stainless Steel
- Cracking Pressure: 5 PSI
- Operating Pressure: 5~213 PSIG
- Operating Temp. Range: 41F~140F
