

# Purclean 2" PVC Socket Union

**Part Number:** PURCLEAN-3857S020

**Description:** 3857S020 Purclean Union

**Price:** \$55.85

## Detailed Description

This union is used in the Purclean system in the backroom of the wash tunnel. The union has 2" socket connections on both ends and is made of grey PVC material. This union has Viton seals in it and is meant for Schedule 80 piping. It has higher flow capacities and exceptional chemical and corrosion resistance.
