

1/4" Male NPT X 1/2" Quick Connect Tube Elbow

Part Number: P-WAT-2323

Description:

Price: \$4.68

Detailed Description

This 1/4" Male NPT X 1/2" Quick Connect Tube elbow allows the connection of threaded parts to non-threaded tubing. This specific design provides positive sealing under pressure without reducing flow. These elbows accept nylon, soft nylon, and polyurethane tubes. The stud allows for rotation of the body as well for ease of installation in tight sports or complex systems.
