

Stainless 3/4" Compression X Male JIC Flare Fitting

Part Number: P-WAT-2380

Description:

Price: \$48.99

Detailed Description

This fitting is used in the High Pressure Wheel Blaster plumbing in the wash tunnel. The fitting has a 3/4" Tube connection on one end and a 3/4" Male JIC 37 Degree Flare connection on the other end. The fitting is made of stainless steel to prevent rust and corrosion from occurring while in use in the wash tunnel.
