

2" 2-Way Asco Valve 120VAC 125PSI

Part Number: P-WAT-2462

Description:

Price: \$1,186.99

Detailed Description

The ASCO Series 8210 Solenoid Valve is designed for dependable performance in general service applications. This high-quality valve offers precise control and durability, making it ideal for managing air, water, and light oil flow. Built to handle demanding environments, it's a reliable choice for consistent, long-lasting operation.

Specifications

- Ambient Temperature Range : 32 to 125°F
- Body Design : 2-Way
- Body Material : Brass
- Brand Name : ASCO
- Coil Watt Rating : 6.1
- Connection : Female NPT Threaded
- Construction : Pilot Operated
- Cv Flow Factor : 43
- Electrical Connection : 1/2" Conduit w/ 18" Leads
- Max Fluid Temperature : 180°F
- Max ODP Air : 150 PSI
- Max ODP Light Oil : 90 PSI
- Max ODP Water : 125 PSI
- Minimum OPD : 5 PSI
- Operation : Normally Closed
- Voltage Rating : 120/60,110/50 AC
