

1-1/2" Male NPT x 1-1/2" Female NPT Street Elbow

Part Number: P-WAT-2468

Description:

Price: \$23.99

Detailed Description

This street elbow is used in the All-in-One Pump Station in the backroom of the wash. On one end of the elbow is a male NPT connection and on the other end is a female NPT connection. Both ends of this 90 degree body are 1-1/2" in diameter. The street elbow is made of stainless steel to prevent rust and corrosion.
