

# Maintenance POD Stainless Cox Hose Reel 3/4" Hose 100' Capacity

**Part Number:** P-SE-POD-132

**Description:** Cox Reels 1125-5-100-SP Hose Reel

**Price:** \$1,356.0

## Detailed Description

These hose reels are used in the Maintenance POD in the wash bay of the site. The hose reel holds the fire hose onto the side of the Maintenance POD and allows for quick access and easy rolling and unrolling of the fire hose. The hose reel has a 100' capacity and has a 3/4" inside diameter water connection meant for a 3/4" hose. There are four mounting holes used for installation that are 1/2" in diameter. It is a hand crank hose reel made of unpolished stainless steel with stainless steel fluid paths. They are designed for clean, non-corrosive performance in the harsh indoor wash environment. The hose is not included.

## Specifications
