

# Hydra-Flex Remote Metering Device

**Part Number:** P-CHE-2162

**Description:**

**Price:** \$59.0

## Detailed Description

This Hydraflex remote metering device is used in the Detergent POD in the wash tunnel. It is meant for use with chemicals that are prone to gelling. The metering device moves the metering point further from the injector. When this metering device is used in line, the metering tip should be installed on the remote metering device, not the injector. The remote metering device has a length of 2-5/16" and a width of 3/4".

## Specifications

- Dimensions: 2-5/16" X 3/4" X 5/8"
