

Wanner Hydra Cell C23 75-500 PSI Pressure Regulator

Part Number: P-SE-2170

Description:

Price: \$368.55

Detailed Description

C Series Hydra-Cell Valves efficiently bypass system fluid to prevent excess pressure. When the system discharge is fully closed—such as with a closed spray gun, valved, or plugged nozzle—these valves redirect total fluid flow, ensuring optimal performance and safety

Specifications

- 75-500psi
- 1" NPT ports
