

# Coupler and Chain Kit for Electric Wrap Motors

**Part Number:** P-SW-206-EL-K

**Description:**

**Price:** \$113.0

## Detailed Description

This kit is used in the electric wrap motors in the wash tunnel. The motors are used on the Wraps and Hugger Brushes to supply the power to the brushes. This kit has the 5016 chain, coupler, and key way used in the motors to help attach the shaft to the motor itself. The chain, coupler, and key way also contribute to the process of transferring the power from the motor to the brush to allow the brush to spin and operate effectively.
