

# Tommy's Express Red Hot Cleanser Applicator

**Part Number:** TX-E-RHC-A

**Description:**

**Price:** \$2,546.0

## Detailed Description

Tommy's Express Red Hot Cleanser Applicator is used midway through the wash tunnel after the first combo unit to apply Brite Detergent onto the vehicles as they pass by on the conveyor belt. The applicator is mounted to the Ladder Rack and utilizes a 2 row rain bar and rain bar deflector. From there, gravity takes over and applies the detergent onto the vehicle. One 6' LED light bar is mounted behind the rain bar, giving the appearance the detergent is multi-color through the changing Red, Green, and Blue LED lights. The Tommy's Express Red Hot Cleanser half round sign is mounted above the rain bar and covers the light bar. Included with the Red Hot Cleanser applicator is the rain bar, rain bar deflector, foam generators, Tommy's Express branded "Red Hot Cleanser" half round sign, LED light bar, and mounting brackets. All of the necessary hardware is also included with the unit.
