Detailed Description

Tommy's Express Tommy Guard Arch is used after the High Pressure Rinse arch to apply the Guard body protectant and sealant detergent onto the incoming cars. This arch allows a protective barrier to be applied to the vehicles as they enter the end of the wash cycle. Included with the Tommy Guard arch is the green LED light strip, black u-channel, Tommy's Express branded "Tommy Guard" Signage, and the Arch. All of the necessary hardware is also included with the unit. The arch comes in two halves and needs to be assembled onsite.
