

Mitter Curtain Rod Stainless 86-1/2" Long

Part Number: P-M2288

Description:

Price: \$235.2

Detailed Description

This stainless steel mitter curtain rod is designed for use in wrap mitter combos inside the wash tunnel to securely hold mitter strips. Measuring 86-1/2" long with a 1" diameter, it features 3/4" BSP threaded ends, each 2-1/4" long. Made from corrosion-resistant stainless steel, it ensures durability and longevity in harsh wash tunnel environments. Six rods are required per mitter unit.
