Tommy's Express Team Member P.A.C Training Manual

Part Number: TX-M-MANUAL

Description:

Price: \$8.95

Detailed Description

This manual is used to train new team members at the Tommy's Express wash site. The manual goes through all the P.A.C. learning modules and highlights which ones are considered critical vs. non-critical. The team member goes through the manual with a trainer to learn and master the critical items in the manual to develop the skills needed to work at the wash site. After completion of this manual, a team member will be well-informed in all areas of the wash. There is space in the manual to write notes while also gathering the trainer signatures needed for completion. These manuals are specific to Tommy's Express wash sites.
