

1 1/2" Stainless Unistrut Clamp

Part Number: P-WAT-2741

Description:

Price: \$7.79

Detailed Description

This clamp is used in the Hot Water Plumbing at the wash site. The clamp is unistrut mounted and is for 1-1/2" piping. This clamp is made of stainless steel to prevent rust and corrosion from the harsh wash tunnel environment. Included with this clamp is the clamp halves and lock nut.
