

All-In-One Grundfos Pump Replacement Kit

Part Number: P-WAT-2746-K

Description:

Price: \$4,599.0

Detailed Description

This Grundfos replacement kit is used in the All-In-One Pump Station in the backroom of the wash tunnel. This kit has everything from the Grundfos pump itself to the pump mounting bracket to the necessary couplers, bushings, and elbows needed to mount and install the pump to the pump station. The Grundfos pump is a 3HP pump that has a maximum pressure rating of 363 PSI and is heavy duty. The pump is model number MTR3-F17/17 and is a Counter-Clockwise direction pump. Two of these pumps are used in the All-In-One Pump Station. The mounting bracket included in the kit is made of stainless steel to prevent rust and corrosion from occurring while the bushings, elbows, couplers, and other parts are made of brass and stainless steel material. All parts are shipped loose and not all parts in this kit are pictured.

Specifications

- Pump Horse Power: 3 HP
- Frequency: 60 Hz
- Voltage: 208-230/460 V
- Connection Size: 1-1/4"
- Rated Current: 8.5-8.2 A at 208V
- Phase: 3-Phase
- Capacity: 15.4 GPM
- Speed: 3,461 RPM
- Max Pressure: 363 PSI
