

Tommy Dual Belt Installation Accessories Kit

Part Number: E-BELT-A

Description:

Price: \$10,150.0

Detailed Description

This installation accessories kit has all the necessary additional components needed for a proper replacement of a new Tommy Dual Belt Conveyor system. The belt itself is not included in this accessories kit. Included in the kit is the needed stainless hardware for install which includes flat and lock washers, hex nuts, and hex screws. These accessories kits are used in installations of replacement belts in all Tommy's Express tunnel models including the 130' tunnel, 110' tunnel, and 90' tunnel.
