

Geovision TVD4711 Security Camera Wall/Ceiling Mount

Part Number: P-SE-2189

Description:

Price: \$50.0

Detailed Description

This wall/ceiling mount is used in the Camera System across the wash site. This mount is used with the Geovision TVD4711 security camera. This junction box mount helps provide wire management for the camera and can be either wall or ceiling mounted. The outside diameter of this mount is 5" and the inside diameter is 4-1/2". The thickness of the mount is 1-1/2" and is made of a hard, durable plastic material that is powder coated for protection. Included with the camera mount is the hardware for installation.
