

Milwaukee M18 18V RedLithium Extended Run Battery

Part Number: TX-A-2113410

Description: Milwaukee 48-11-1850 Battery

Price: \$217.99

Detailed Description

This Milwaukee RedLithium battery pack is used to power the Milwaukee cordless tools that are used throughout the wash site. Whether it is used in hammer drills, impact drivers, or angle grinders, this battery pack gets the job done with any cordless power tool at the wash site. The battery has a voltage rating of 18V and an amperage rating of 5.0Ah. The battery has Lithium-Ion chemistry and is part of the Milwaukee M18 line of tools. It has a charging time of 110 minutes and can be operated in both warm and cold weather applications. The unique battery design protects the battery against harsh jobsite environments and routes water away from the electronics of the battery pack, extending run-time and minimizing failures. This is just for the battery pack, the charger is not included.
