

26" Electric Foam Rocker Brush - Foam and Core

Part Number: P-M2188F-EL

Description: Superior Cleaning with the G-Flex Closed-Cell Foam Brush

Price: \$1,560.0

Detailed Description

Optimize your car wash with the G-flex Closed-Cell Foam Brush, designed to effectively remove dirt and debris from wheels, lower rocker panels, and the underside of vehicles. This brush is ideal for high-volume car wash operations, offering exceptional performance and durability.

The closed-cell foam in these brushes is specially formulated for car washes, ensuring superior cleaning power. Strong, durable, and extremely light, G-flex is perfect for extreme high-volume situations. The non-aggressive cloth is tough enough to clean the hardest parts of the vehicle while being gentle on moldings and emblems. Specifically designed for use in electric wash sites, these brushes combine efficiency and care to deliver excellent results.
