

Black Four Line HDPE 1/2" Tubing Clamp

Part Number: P-INS-2014-A

Description:

Price: \$10.9

Detailed Description

This HDPE Hydraulic Tubing Clamp is designed for attaching 1/2" stainless tubing to arches on the Triple Threat manifold in the wash tunnel. With four 1/2" tubing holes and a rounded base for easy installation around arches or pipes, it ensures efficient routing of hydraulic tubes to key applications. Durable and reliable for long-lasting performance.

Specifications

- Pipe Size: 1/2"
- Material: HDPE Plastic
- Mounting Screw Size: 1/4"
- Arch Width: 2-3/8"
- Dimensions: 3" X 2-5/8" X 1"
- Color: Black
