Tommy Classic Drying Aid - 30 Gallon

Part Number: C-2507

Description: To qualify for free shipping, drums of detergent need to be ordered in multiples of 5. You are welcome to mix and match various detergents to create a skid of 5.

Price: $698.0

Detailed Description

Tommy Classic Drying Aid contains polymers that assist in breaking down foam and soap, aiding in the water beading process so blowers can easily dry the vehicle streak and spot free at the end of the wash. This product can also be used in touchless and soft touch in bay automatics.

Estimated usage per car at most tunnel express washes is between 8-10mLs and car count per drum is typically around 11,350-14,200 vehicles.

Specifications

- Target a dilution of 1:154-228 or 8-10mLs/car for most tunnel washes and in-bay automatics.
- Adjust settings as necessary until water is properly breaking and beading up on vehicle surfaces as they enter into the blower room.
