

8" Round Dump Door (For 9" Vacuum Canisters)

Part Number: P-VAC-2025

Description: 8" stainless steel round dump door designed as a replacement for the canister on Tommy Car Wash Systems' 9" Single Motor Vacuums

Price: \$139.52

Detailed Description

The 8" Round Dump Door is a durable and reliable replacement component for your vacuum canister. This door provides a secure closure while allowing for quick and convenient disposal of collected debris and dirt. Made from robust stainless steel, it offers superior resistance to rust, corrosion, and wear, ensuring long-lasting performance in the demanding environment of a car wash.

This specific dump door is engineered to fit Tommy Car Wash Systems' 9" Single Motor Vacuums. It is an essential part for maintaining the functionality of your vacuum unit. Please be aware that while it is designed for this specific model, it **may not be compatible with all single motor vacuum models.**
